

Child Protection AoR Localization Dashboard - Myanmar

July – December 2024

Published on: 27 March 2025

Objective:

This dashboard has been developed for tracking progress of Child Protection AoR towards localization. The dashboard will also sensitize child protection AoR in Myanmar to issues of localization and provide the basis to create an action plan towards increasing meaningful participation of local and national actors.

Methodology:

- Around 40 CP AoR partners were invited to participate in a survey in Feb 2025.
- Survey period: July – December 2024
- Survey was conducted around 4 pillars – Governance and decision making, Influence and Participation, Partnerships, and Institutional capacity.

Conceptualization of localization in the survey:

Q: Is there collaboration in the coordination group to collectively address the capacity issues that are faced by partners?

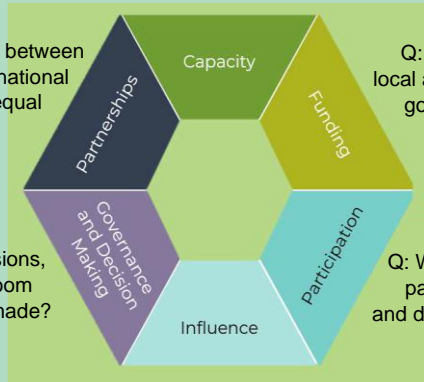

Q: Are partnerships between international and national organizations equal

Q: Does funding go directly to local and national actors, or is it just going to international actors?

Q: Who makes decisions, and who is in the room when decisions are made?

Q: Who actually has power to participate in coordination and decision-making processes?

Q: Who actually has power to influence in coordination and decision-making processes?

Partnerships

Perception of Partnership with L/NNGOs by Type of Actors

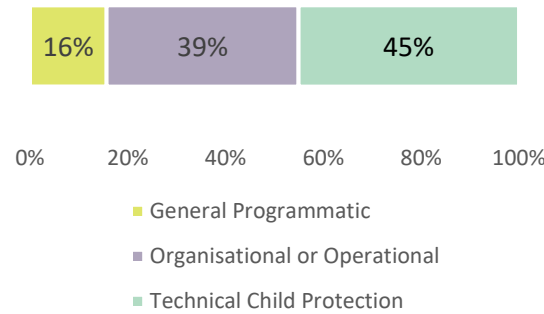

Quality of partnership

91%
10 out of 11 international actors identified in the survey working with L/NNGOs

Capacity

Type of Capacity Strengthening Activities Provided to Local and National Actors by UN Agencies and INGOs

Are UN agencies/INGOs actively approaching Local and National Actors' Staff?

Top Constraints of Local and National Actors

Access to CP AoR Cluster= Local or national actors attend cluster meetings alongside international cluster members (3 = Sometimes, 4 = Frequently, 5 = Always).

Discussing Problems = how comfortable L/INGOs are to approach UN/INGO CP AoR cluster's partners to discuss problems/ challenges (3 = Somewhat comfortable, 4 = Quite comfortable, 5 = Very comfortable).

Respecting Opinions = UN/INGOs respect L/NNGOs partners' point of view (3 = Some respect, 4 = Respectful, 5 = Very respectful).

Accounting for L/NNGOs risk = Risks to L/NNGO staffs' have been adequately considered by UN/INGO cluster members in cluster discussions (3 = Moderately, 4 = Considerably, 5 = Completely).

Capacity Development of L/NNGO staffs= by UN/INGO partners (3 = Ad hoc capacity development for organization, 4 = Occasional capacity development for organization, 5 = Work very well on capacity development together).

Inputs to the documents= consideration of L/NNGOs partners' inputs to the documents produced by the cluster (3 = Some collaboration, but donor leads, 4 = Work together but donor/UN/INGO decides, 5 = Work together collaboratively as equals).

Would recommend = If L/NNGOs and UNI/INGO partners would recommend others about each other (3 = Unsure, 4 = Likely to recommend, 5 = Very likely to recommend)
